identification card to be admitted. Mr. President, I have a motion to adjourn.

SPEAKER: Stand by. Is there any business to come before the body on the floor. Senator Whitney, then Senator Kremer. Senator Whitney first.

SENATOR WHITNEY: Mr. President, I had this point of personal privilege request in about an hour ago and we've been so busy I haven't had a chance to give it. I want to report an error in the World Herald. It says, we've heard Dr...here was at the meeting yesterday and this is a matter of procedure on a Hearing with reference to Dr. Anderson. Here's the statement here that it says that Senator Barnett made, "We've heard Dr. Anderson and his supporters for an hour and a half. We've only heard thirty minutes of testimony from the other side." Now, I want to say this is an inaccurate statement because we had heard those in favor 36½ minutes. We heard those opposed 35½ minutes, and it was Senator Barnett's motion which prevented us from hearing the opponents the extra one minute, and so I want you to know that we are giving equal time to both sides.

SPEAKER: Senator Kremer is next, and then Senator Barnett. Senator Kremer.

SENATOR KREMER: Just to want to ask permission for the Public Works Committee to use this Chamber next Thursday afternoon at 2 o'clock. I understand it is alright with Senator Waldron who heads that Committee. I understand that there is going to be a large crowd here on 398.

SPEAKER: You have heard the request. Are there objections?

UNIDENTIFIED: This is next Thursday, Senator Kremer.

SENATOR KREMER: Next Thursday.

SPEAKER: Senator Waldron, do you object. All right. Are there any objections. Hearing none, so ordered. Now, Senator Barnett, back to you.
